Course Objective: The objective of this course is to educate participants on the fundamentals of estate planning, including wills, trusts, and asset protection. It aims to empower individuals to secure their legacy, ensure efficient asset distribution, reduce family disputes, and provide practical steps to create or update legal arrangements for financial security.

Outcome:

By the end of the training, participants will:

- **1. Understanding Estate Planning fundamentals:** learn the importance of wills, trusts, and asset protection.
- **2. Knowledge of Legal Frameworks:** Familiarity with the Wills Act 1959 and related legal requirements for drafting and updating wills.
- **3. Practical Skills in Asset Distribution**: Draft and update wills and trusts effectively
- **4. Real-World Application:** Use tools and case studies to secure assets.
